# SENIOR CITIZEN HOUSING LIST

This housing guide contains information on subsidized and market rate apartments for individuals over 55 years of age who can live independently with minimal assistance

**Franklin County Board of Commissioners**

## **SENIOR CITIZEN APARTMENTS**

**INTRODUCTION:** The following guide lists subsidized and market rate senior citizen apartments for individuals who can live independently with minimal assistance.

**SUBSIDIZED APARTMENTS (S):** Rent subsidies are approximately 30% of the tenant's adjusted income. There are usually waiting lists for subsidized apartments.

**MARKET RATE APARTMENTS:** Any apartment properties which are *not* denoted with an (S) are considered to be market rate apartments. The tenant pays the full rent amount of these apartments. However, some market rate apartments may include the cost of utilities in the rent.

**TAX CREDIT (TC):** Low Income Tax Credit is a fund awarded to developers to build or renovate rental housing for low income residents. These funds reduce the debt the developer would incur if borrowing funds from a financial lender. This savings allows the builder to offer rent at a more affordable rate to tenants. Go to [Ohiohousinglocator.org](http://Ohiohousinglocator.org) for listing of tax credit funded housing.

### **REQUIREMENTS:**

**AGE:** Most senior apartments have a minimum age requirement. These requirements vary anywhere from 55 to 62 years of age. Some subsidized properties have allowances for individuals younger than 62, if the individuals meet specific disability requirements.

**INCOME:** Some senior apartment complexes have income requirements. These requirements vary with each complex.

Contact the property manager for further information regarding any senior apartment listed.

**Waiting List:** Applicant must have an approved application to be on a waiting list.
