

## **April is National County Government Month**

### **Why Counties Matter**

County resources are the core building blocks for healthy, vibrant and safe communities. As a department of the Franklin County Board of Commissioners, our agency provides a variety of local services that support the desire of our growing aging population to live safely at home.

Counties use innovation to better serve their communities and work together with federal, state and other local governments, nonprofits, and businesses to ensure the prosperity of their residents.
